POSTING DETAILS:

Position Location:

City: Mayflower

Office: Enforcement Radio Shop Office

Division: Enforcement

Job Summary:

The Instrumentation Technician is responsible for monitoring electrical or mechanical equipment operations and making repairs as necessary. This position is governed by government regulations and agency policy.

Typical Functions:

Receives request for equipment that needs repair due to malfunctioning. Checks the operation of equipment to determine if it is a mechanical or electrical problem. Operates test equipment to determine part capacity, such as meters, oscilloscope, and power tools. Determines malfunctioning parts, and adjusts, replaces, and repairs components to correct problem. Monitors equipment for proper functioning and maintenance. Performs fabrication work as required and uses mechanical and/or electrical instruments and tools to construct needed parts. Repairs computer equipment, control system panels, and audio/visual and communications equipment. Installs new electronic/mechanical or communications systems. Designs tests and monitor equipment power supplies, amps, switches, and interfaces. Performs other duties as assigned.

Specific Duties and Responsibilities:

Installs two-way radio equipment that is essential to a statewide VHF radio system. Conducts tests on the performance and reliability of mechanical, structural, and electromechanical equipment. Schedules and maintains appointments for the installation of radios and audio/visual equipment. Ability to work in a shop environment and field environment when necessary to maintain radio system operations. Diagnoses problems with radio and audio/visual equipment and makes necessary repairs. Maintains paperwork of work appointments and accountability of agency equipment when transferred. Performs other duties as assigned.

All applicants subjected to a criminal background check.

Certificates, Licenses, or Registrations:

N/A

Special Job Dimensions:

This position has the designation of a safety-sensitive position. Applicants being considered for this position are subject to pre-employment drug and alcohol testing. Refusal to submit to testing will result in disqualification of further employment consideration. If offered a position, employees in this position will be subject to periodic drug and alcohol testing.
