Ability to conduct scientific game and fish surveys and studies.

POSTING DETAILS:

Position Location:

City: Eureka Springs

Office: Beaver Lake Regional Office

Division: Wildlife Management

Job Summary:

The Arkansas Game and Fish Commission Biologist II is responsible for supervising a wildlife management program. This position is governed by state and federal laws and agency policy.

Typical Functions:

Plans and conducts various biological surveys to investigate population, habitat, and ecology of game and fish species and conducts studies of game and fish propagation, cultivation, and harvest.

Analyzes and evaluates survey and sampling data and writes reports describing the results of the data and makes recommendations on game and fish populations.

Directs the development of various wildlife management areas or fish propagation and cultivation and treatment plans based on district management plans. Assists supervisor with districts' annual budgetary projections, prepares various reports and purchase orders, requisitions for equipment, supplies, and parts, and prepares monthly activity reports.

Makes presentations to civic groups, schools and clubs, and conducts public meetings to explain new and/or proposed rules and regulations and/or to hear complaints about wildlife management.

Writes articles for news releases on game and fish activities in district.

Assists supervisor in the development of game and fish management plans and proposals to expand or improve management areas.

Performs other duties as assigned.

Specific Duties and Responsibilities:

This position is a Private Lands Biologist position that coordinates with State and Federal agencies, and other conservation organizations to promote wildlife management on private lands via Farm Bill Programs along with other state and non-profit conservation organization programs (CALF, EQIP, WLFW, CRP, WRP, Forest Stewardship, etc.). Conducts public relations and education activities as assigned to increase and improve habitat on private lands using all private lands programs administered by the wildlife division and offered by partner conservation organizations. Provides wildlife technical advice and assistance to landowners, deer camps and other leased land managers through Farm Bill programs, and the Acres for Wildlife program (AFW), along with other agency private lands habitat programs. Provides Harvest management recommendations and management plans through the Deer Management Assistance Program (DMAP). Provide technical assistance to DMAP clubs on all aspects of deer management to clubs enrolled in the DMAP program. Assists in addressing nuisance animal and wildlife depredation complaints from property owners and provides appropriate technical assistance in assigned nuisance animal counties. Conducts wildlife population management, research and surveys. Performs routine administrative duties required to comply with program, division and agency standards.

Certificates, Licenses, or Registrations:

Must possess a valid driver's license.

Special Job Dimensions:

Frequent in-state travel and field work with exposure to inclement weather is required. Occasional exposure to hunters and dangerous animals may be required.

Other Specific Information:

Frequent field work with exposure to inclement weather is required. Occasional exposure to hunters and dangerous animals may be required.

This position has the designation of a safety-sensitive position. Applicants being considered for this position are subject to pre-employment drug and alcohol testing. Refusal to submit to testing will result in disqualification of further employment consideration. If offered a position, employees in this position will be subject to periodic drug and alcohol testing.

Position will be based out of the Northwest Regional Office in Eureka Spring, Arkansas. Due to the high travel demands of this position, the selected applicant must live within 50 miles of the Eureka Springs Regional office AND in one of their assigned duty counties. These counties would include Benton, Washington, Madison, Carroll, Newton, and Boone

All applicants are subject to a criminal background check.

As an equal opportunity employer, the Commission will make any reasonable accommodations necessary to ensure equal employment opportunities.
