POSTING DETAILS:

Position Location:

City: Mountain Home

Office: Mountain Home Office

Division: Fisheries

Job Summary:

The Arkansas Game and Fish Commission (AGFC) Biological Technician I is responsible for forest and fish propagation, fire prevention, cultivation, and harvesting activities and/or maintaining a wildlife management area. This position is governed by state and federal laws and agency policy.

Typical Functions:

- Inspects forest lands for damage by insects or disease, assists in implementing plans or recommendations for control measures, and prepares plans for site preparation or improvement of planting, harvesting, marketing, or wildlife use
- Conducts or assists in conducting research on collected samples, such as fish, blood, water, soil, and plant species, and examines animals and specimens to detect diseases or other problems
- Conducts agricultural and forest management activities on wildlife management areas, including preparing seed beds and plant foods; selects and marks trees for thinning and/or logging utilizing soil erosion control measures and maintains waterways, dams, and ponds
- Monitors and inspects public and private wildlife to ensure compliance with state regulations and trains various personnel in activities, such as fire safety, accident prevention, and maintenance and calibration of scientific and technical equipment
- Gathers, provides, and presents general and forestry educational information and training to various federal, state, and local health officers, community organizations, and the general public
- Provides technical support and services for scientists and engineers working in fields, such as agriculture, environmental science, resource management, and biology
- Assists in conducting fish and game propagation and maintenance activities, including monitoring of spawning, hatching, incubation, sexing, and feeding
- Prepares reports pertaining to wildlife findings, conclusions, and recommendations
- Cleans, maintains, prepares, and supplies work areas
- Performs other duties as assigned

Specific Duties and Responsibilities:

Class A Commercial Driver's License (CDL) *REQUIRED* Drive a semi-truck with either a dump bed or some form of a flatbed trailer (lowboy or drop deck) to haul materials or equipment to and from AGFC projects. Haul large rock to landowner projects. Operate multiple pieces of equipment, namely; excavators, compact track loaders, backhoes, dozers, front-end loaders, 6x6 military dump trucks, articulated dump trucks, etc. Load and properly bind equipment (sometimes oversized) to hauling trailers for transport to and from projects throughout the state. Properly maintain equipment by providing regular scheduled or un-scheduled maintenance either in the field or in a shop setting. Work on other AGFC projects throughout the state as assigned.

Certificates, Licenses, or Registrations:

Must possess a valid Arkansas driver's license.

Special Job Dimensions:

n/a

Other Specific Information:

This position has the designation of a safety-sensitive position. Applicants being considered for this position are subject to pre-employment drug and alcohol testing. Refusal to submit to testing will result in disqualification of further employment consideration. If offered a position, employees in this position will be subject to periodic drug and alcohol testing.

All applicants are subject to a criminal background check.

As an equal opportunity employer, the Commission will make any reasonable accommodations necessary to ensure equal employment opportunities.
