### **POSTING DETAILS:**

#### Position Location:

City: Humphrey

Office: Monticello Regional Office

Division: Wildlife Management

#### Job Summary:

The AGFC Biological Technician I is responsible for forest and fish propagation, fire prevention, cultivation, and harvesting activities and/or maintaining a wildlife management area. This position is governed by state and federal laws and agency policy.

#### Typical Functions:

Inspects forest lands for damage by insects or disease, assists in implementing plans or recommendations for control measures, and prepares plans for site preparation or improvement of planting, harvesting, marketing, or wildlife use. Conducts or assists in conducting research on collected samples, such as fish, blood, water, soil, and plant species, and examines animals and specimens to detect diseases or other problems. Conducts agricultural and forest management activities on wildlife management areas, including preparing seed beds and plant foods; selects and marks trees for thinning and/or logging utilizing soil erosion control measures and maintains waterways, dams, and ponds. Monitors and inspects public and private wildlife to ensure compliance with state regulations and trains various personnel in activities, such as fire safety, accident prevention, and maintenance and calibration of scientific and technical equipment. Gathers, provides, and presents general and forestry educational information and training to various federal, state, local health officers, community organizations, and the general public. Provides technical support and services for scientists and engineers working in fields, such as agriculture, environmental science, resource management, and biology. Assists in conducting fish and game propagation and maintenance activities, including monitoring of spawning, hatching, incubation, sexing, and feeding. Prepares reports pertaining to wildlife findings, conclusions and recommendations. Cleans, maintains, prepares, and supplies work areas. Performs other duties as assigned.

Specific Duties and Responsibilities:

Works under general supervision performing custodial duties. Monitors contract activities. Assists in conducting various research projects such as CWD, heard health check, quail surveys, wood duck/dove banding. Cleans, maintains, prepares, and supplies work areas. Operates and performs maintenance on water control structures. Mark, maintain and remove trees from handicap/boat trails. Manipulate fluctuating water levels in GTR to maintain optimal conditions for waterfowl and user groups. The individual selected for this position will be responsible for conducting maintenance and operation projects on Bayou Meto Wildlife Management Area and will assist on other Region III WMA's. The Natural Resource Program Technician will assist with capture and relocation of nuisance alligators and bears. Acquisition of Class A CDL and heavy equipment (dozer, track hoe) operations. Performs other duties as assigned.

Certificates, Licenses, or Registrations:

Must possess a valid Arkansas driver's license.

Special Job Dimensions:

n/a

Other Specific Information:

This position has the designation of a safety-sensitive position. Applicants being considered for this position are subject to pre-employment drug and alcohol testing. Refusal to submit to testing will result in disqualification of further employment consideration. If offered a position, employees in this position will be subject to periodic drug and alcohol testing.

Works in inclement weather under heavy physical demands. Works outside of normal work hours to complete division and regional assignments.

Applicant must live within 30 miles of then George H Dunklin Bayou Meta Wildlife Management Area.

This position is required, as per the Prescribed Fire Planning and Implementation Procedures and Policy, to complete a two-mile walk carrying 25 pounds in 30 minutes within the first year of employment. This position is required to obtain a Non-Commercial Pesticide Applicators license within the first year of employment. This position is required to obtain a commercial driver's license within 1 year of employment.

As an equal opportunity employer, the Commission will make any reasonable accommodations necessary to ensure equal employment opportunities.
